

You can now manage your Bill Pay Payees from your mobile app!!

Here's how:

Log into your mobile app and click MORE next click PAYEES, this will give you a list of the payees you already added.

Click ADD to FIND A PAYEE, type in anything like WATER then search then click "Create a new payee", now you can add a new WATER payee or simply delete the Name and add whatever payee you need to add.

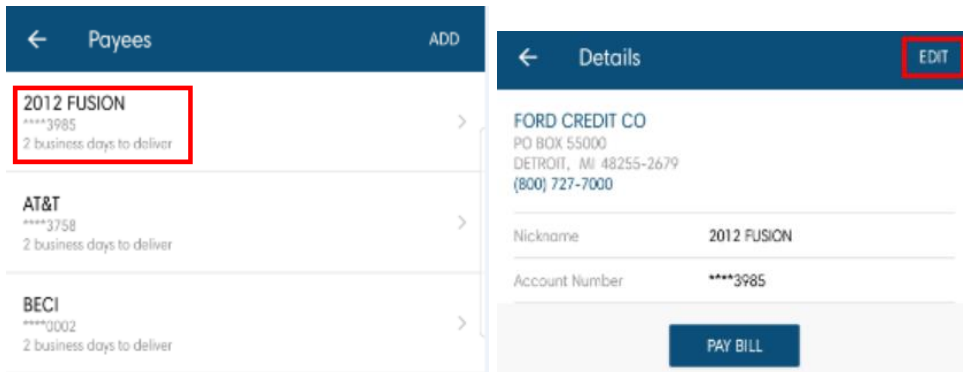

Then follow the lines and enter the information needed to add the payee then click DONE.

The image shows the 'Add Payee' form in the mobile app. It has a dark blue header with a back arrow and the text 'Add Payee', and a 'DONE' button highlighted with a red box. Below the header are several input fields with red placeholder text: 'Name Enter the Name of the Payee', 'Nickname Enter a Nickname if you wish', 'Account Number Enter the account number', 'Address Line 1 Enter the address', 'Address Line 2 (optional)', 'City Enter the city', 'State Click to select the state' with a right-pointing chevron, 'Zip Enter the zip', and 'Phone (optional) Enter the phone number'.

The Payee is now available to submit a payment.

You can also edit your current payees. Go back to the screen where you went to MORE next click PAYEES, from there click the PAYEE you wish to EDIT. The payee information will come up and click EDIT to adjust the payee information or delete the payee.

When you are done editing the payee click UPDATE and you're ready to submit a payment.
